Questions :

1 . What is the difference between AI,DataScience,ML and DL ?

2. What is LinearRegression ?

3 . What is R Square ?

4 .Difference between LinearRegression and Logistic Regression ?

5 . Explain about Entropy, InformationGain, Gini Index ?

6 . What is the CART Algorithm ?

7 . What is a Random Forest Algorithm ?

8 .What is the Bias and Variance tradeoff ?

9 .What are Ensemble Methods ?

10. What is SVM Classification ?

Bits :

11 . Expand RSME : _____

12 .Expand SVM : _____

13 . Write MSE Formula : _____

14 .Write RMSE Formula : _____

15 . What are Evaluation Metrics for Random Forest ?
